Principal's Message

At Monroe Elementary School, we strive to be a community of learners that includes students, staff, parents and business partnerships. Through this, we hope to prepare our students to be critical thinkers and problem solvers. Our experience and a balanced, rigorous, challenging curriculum allows for individual differences and fosters responsible citizenship in a safe and orderly environment.

School Mission Statement

It is the mission of the Monroe Elementary School District to ensure a safe and challenging learning environment in which highly qualified educators, with parent and community support, focus on students' mastery of academic skills necessary for continued educational growth.

Parental Involvement

Parents and community members are supportive of the educational programs in the Monroe Elementary School District. The All Parents Association brings together existing parent groups: Parents Club, School Site Council (SSC) and the Migrant Advisory Committee. Together they assist the school through fundraising; participating in special activities; volunteering in classrooms; serving as chaperones; as well as providing input and oversight of state and federal program applications, reports and requirements.

For more information on how to become involved at the school, please contact Danita Ramos, PTC president, at (559) 834-2895.

School Safety

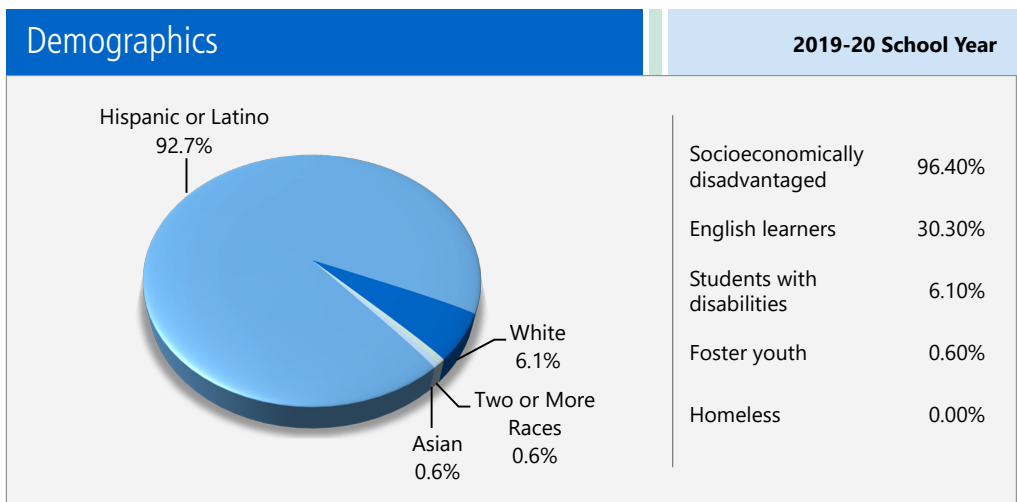

The safety of students and staff is a primary concern of Monroe Elementary School. The school ensures compliance with all laws, rules and regulations pertaining to hazardous materials and state earthquake standards. The school's disaster-preparedness plan includes steps for ensuring student and staff safety during a disaster. The school has fire and disaster drills regularly throughout the year. The School Safety Committee consists of staff, the School Site Council, the principal and a representative of the Fresno County Sheriff's Office. Monroe updates the school safety plan annually and was last reviewed, revised, discussed with the staff and presented to the board of trustees in February 2021.

Public Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the internet at libraries and public locations is generally provided on first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available at a workstation, and the ability to print documents.

Enrollment by Student Group

The total enrollment at the school was 165 students for the 2019-20 school year. The pie chart displays the percentage of students enrolled in each group.

School Accountability Report Card

In accordance with state and federal requirements, the School Accountability Report Card (SARC) is put forth annually by all public schools as a tool for parents and interested parties to stay informed of the school's progress, test scores and achievements.

Enrollment by Grade

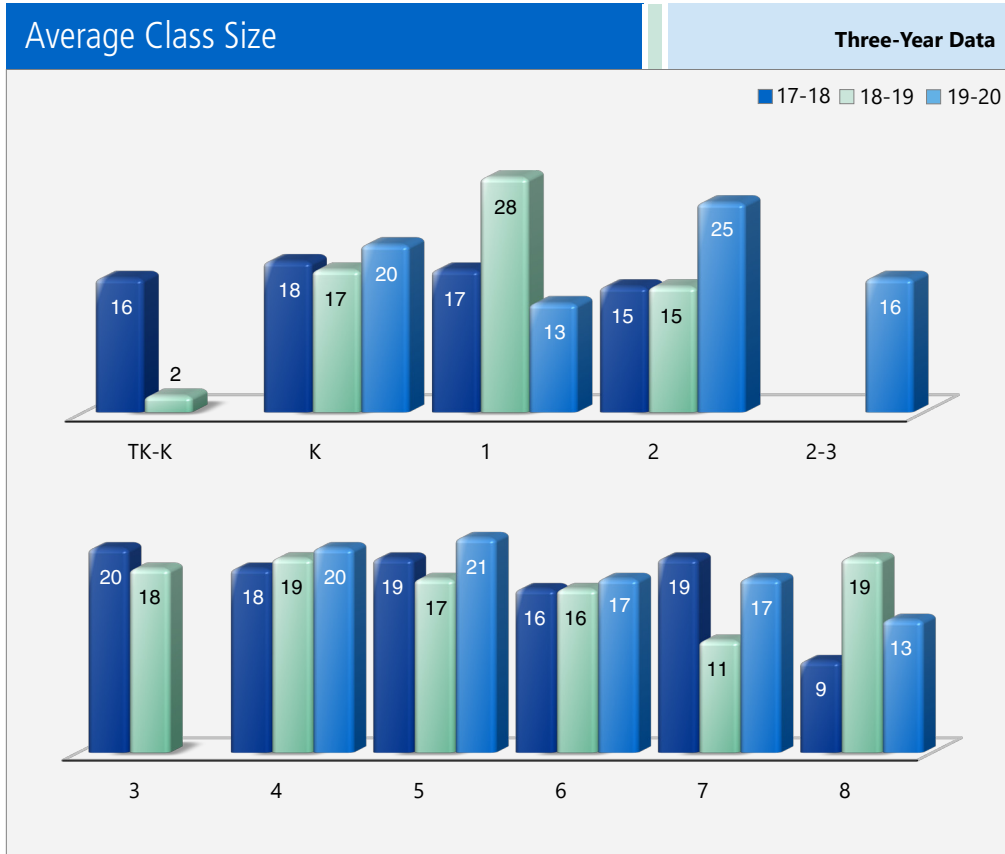

The bar graph displays the total number of students enrolled in each grade for the 2019-20 school year.

Class Size Distribution

The bar graphs display the three-year data for average class size, and the table displays the three-year data for the number of classrooms by size. The number of classes indicates how many classrooms fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Suspensions and Expulsions

This table shows the school, district, and state suspension and expulsion rates. The 2019-20 suspension and expulsion rate data are not comparable to prior year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to prior years. Note: Students are only counted one time, regardless of the number of suspensions.

California Physical Fitness Test

Each spring, all students in grades 5, 7 and 9 are required to participate in the California Physical Fitness Test (PFT). The Fitnessgram is the designated PFT for students in California public schools put forth by the State Board of Education. The PFT measures six key fitness areas:

1. Aerobic Capacity
2. Body Composition
3. Flexibility
4. Abdominal Strength and Endurance
5. Upper Body Strength and Endurance
6. Trunk Extensor Strength and Flexibility

Encouraging and assisting students in establishing lifelong habits of regular physical activity is the primary goal of the Fitnessgram. The table shows the percentage of students meeting the fitness standards of being in the "healthy fitness zone" for the most recent testing period. For more detailed information on the California PFT, please visit www.cde.ca.gov/ta/tg/pf.

California Assessment of Student Performance and Progress (CAASPP)

For the 2019–20 school year, the CAASPP consists of several key components, including:

California Alternate Assessments (CAA) test includes both ELA/literacy and mathematics in grades 3–8 and 11 and science in grades 5, 8 and high school. The CAA is given to those students with the most significant cognitive disabilities whose current individualized education program (IEP) designates an alternate assessment.

Smarter Balanced Assessments include ELA/literacy and mathematics in grades 3–8 and 11. Smarter Balanced Assessments are designed to measure student progress toward college and career readiness.

The assessments under CAASPP show how well students are doing in relation to the state-adopted content standards. On each of these assessments, student aggregate scores are reported as achievement standards. For more information on the CAASPP assessments, please visit www.cde.ca.gov/ta/tg/ca.

CAASPP by Student Group: Science, English Language Arts and Mathematics

The tables on the following pages display the percentage of students that met or exceeded state standards in science, English language arts/literacy and mathematics for the school by student groups.

The "percentage met or exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not. However, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

◇ The 2019-20 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waives the requirement for statewide testing for the 2019-20 school year.

Textbooks and Instructional Materials

Monroe Elementary School follows the state’s seven-year textbook-adoption cycle by subject areas. A committee is selected to view adopted textbooks at the county office of education or through individual publishers. If possible, the committee members visit places that are already using or piloting the new textbooks. All Monroe students are assigned textbooks for use during school and at home. All students in visual and performing arts classes (which include beginning band and advanced band) have access to the appropriate textbooks and instructional materials.

When purchasing instructional materials, Local Education Agencies (LEAs) must buy standards-aligned instructional materials, and in the case of grades K-8, LEAs must purchase instructional materials that were state-adopted prior to July 1, 2008, unless the LEA purchased materials adopted after July 1, 2008.

Textbooks and Instructional Materials List		2020-21 School Year

School Facility Good Repair Status

The table shows the results of the school’s most recent inspection using the Facility Inspection Tool (FIT) or equivalent school form. This inspection determines the school facility’s good repair status using ratings of good condition, fair condition or poor condition. The overall summary of facility conditions uses ratings of exemplary, good, fair or poor. At the time of this school facility inspection, no deficiencies were found.

School Facility Good Repair Status		2020-21 School Year

Date of the most recent completion of the inspection form	10/13/2020	

School Facilities

Monroe Elementary School provides a safe, clean and functional environment for K-8 students, staff and volunteers. School facilities were built in 1970, and two portables were added in 1995-96. A team of three custodians ensures facilities are well maintained, and the district administers a scheduled maintenance program.

Playground equipment is inspected on a regular basis to maintain student safety, and a safety inspection is conducted each year. Fire extinguishers are available in every classroom and are inspected each month and professionally maintained annually. Grounds are free from litter, and trash removal is scheduled to prevent a buildup of trash on the site. The Organization of Self-Insured Schools conducts an annual safety inspection of facilities and grounds, prioritizing hazards it deems may provide a health and/or safety hazard. The district conducts a facilities and grounds inspection as required by the Williams case settlement, which was a class-action lawsuit settled in 2004 that requires the state to provide enough instructional materials and adequate school facilities for all students.

Availability of Textbooks and Instructional Materials

Professional Development

Monroe Elementary School District strongly supports a quality instructional program. The school continually assesses the curriculum and aligns it with state frameworks for all subject areas. There is a high interest in professional growth, as evidenced by staff members attending in-services and workshops. All staff members share leadership and responsibility. The members of the Monroe Elementary School Board of Trustees have consistently supported the staff and administration in their endeavors to maintain quality instruction and an atmosphere advantageous to learning through staff development.

Financial Data

The financial data displayed in this SARC is from the 2018-19 fiscal year. The most current fiscal information available provided by the state is always two years behind the current school year and one year behind most other data included in this report. For detailed information on school expenditures for all districts in California, see the California Department of Education (CDE) Current Expense of Education & Per-pupil Spending web page at www.cde.ca.gov/ds/fd/ec. For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits web page at www.cde.ca.gov/ds/fd/cs. To look up expenditures and salaries for a specific school district, see the Ed-Data website at www.ed-data.org.

District Financial Data

This table displays district teacher and administrative salary information and compares the figures to the state averages for districts of the same type and size based on the salary schedule. Note: The district salary data does not include benefits.

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Financial Data

The following table displays the school's average teacher salary and a breakdown of the school's expenditures per pupil from unrestricted and restricted sources.

School Financial Data	
2018-19 Fiscal Year	
Total expenditures per pupil	\$16,994
Expenditures per pupil from restricted sources	\$4,452
Expenditures per pupil from unrestricted sources	\$12,542
Annual average teacher salary	\$55,636

Expenditures Per Pupil

Supplemental/restricted expenditures come from money whose use is controlled by law or by a donor. Money that is designated for specific purposes by the district or governing board is not considered restricted. Basic/unrestricted expenditures are from money whose use, except for general guidelines, is not controlled by law or by a donor.
